

Learn about your child's development.

THIS IS A RESEARCH
OPPORTUNITY. SCAN
TO LEARN MORE AT
[ESDILAB.COM](https://esdilab.com)

Receive feedback on your
child's development and up to
\$250 for participating.

Who: Families who are either pregnant or have an infant younger than 4 months of age.

What: 1-2 hour visits to the lab where your infant will engage in developmental activities and watch short movies while we measure their heart rate.

Why: To follow your child's development and help advance the research for infants, children, and autism.

Where: The ESD Lab at UofSC, located in the Institute for Mind and Brain at 1800 Gervais Street, Columbia, SC.
