

## DIGITAL BILLBOARDS: FILE REQUIREMENTS

### Make sure your file is:

- the correct pixel dimensions (see size chart below)
- 300 dpi | RGB color mode
- saved as a High Quality jpg

### How to send files:

- Email file(s) to [tara@graceoutdoor.com](mailto:tara@graceoutdoor.com)
- Upload files at **GraceOutdoor.com**
- Send via WeTransfer, Dropbox, Hightail, or other file-sharing platform

## DESIGN TIPS

### Follow these suggestions to give your ad optimal readability:

- **Keep it Simple:** Your audience is driving by and needs time to read everything in order to retain your message. Use only one call to action - we recommend a website over a phone number.
- **Bigger is Better:** Use as much of the ad space as you can. The larger your copy is, the easier it will be able to be read from a distance.
- **Fonts:** Use big and bold fonts. Avoid serif and script fonts. Use high contrast between the copy and the background.
- **Avoid Redundancy:** Don't use "www" in your web address. Don't repeat copy that's already in your logo. Most event dates don't need the year.
- **Color:** Use bright colors and images. High contrast between the text and background is required.

## ART SIZES

| BOARD ID                                                                     | art size in pixels<br>height x width |
